

2012 Family Medicine Student Retreat

Saturday, March 31

Embassy Suites Dublin - Dublin, Ohio

Retreat Description

The Ohio Academy of Family Physicians (OAFP) Student Forum plans this annual program that serves as a platform for students to network with others interested in family medicine while gaining exposure to speakers, topics and procedural skills that they might not have access to during medical school or residency training. The Retreat is one component of the OAFP's Mega-Spring Event, which consists of two additional programs: the Ohio Family Medicine Symposium on Research and Education and the Chief Resident Workshop.

Scholarship & Registration Information

Any Ohio medical student is welcome to register for the OAFP Student Retreat, March 31, 2012. In an effort to enhance student interest in family medicine, scholarships are available through an educational grant received from OAFP and its regional chapters. Scholarships cover registration fees, program materials and meals. Scholarships are being offered on a first-come first-serve basis for five medical students from each medical school. Scholarship applications must be received by **FRIDAY, MARCH 16**.

To register for the Retreat and apply for a scholarship, complete the information below and return to OAFP. By submitting this form it is assumed you will attend the Retreat should a scholarship be offered. You will be notified immediately upon receipt of this form if scholarships are NOT available and be given the option of paying the \$150 registration fee to attend.

Because space is limited and we must guarantee and pay for meals and supplies in advance, it is **EXTREMELY** important that all registrants (those given a scholarship and otherwise) notify OAFP immediately should it become necessary to cancel so that alternates can be contacted.

Failure to notify OAFP that you do not plan to use your scholarship will result in assessment of the full conference registration fee.

Scholarships Available!
