Ohio Academy of Family Physicians Foundation (OAFP/F) is grateful to our generous corporate friends whose financial support demonstrates their involvement, interest and commitment to our mission to improve and increase access to quality health care for all Ohioans by generating student interest in the specialty of family medicine. Contributions from our corporate partners enhance OAFP/F's capacity to offer programs that identify and cultivate future family physicians and develop future leaders for the specialty. Ensuring that Ohio has an adequate family physician workforce is essential to improving access to high quality, cost effective health care for all Ohioans – ultimately creating a healthier Ohio for all citizens today and for years to come.
