The Ohio Academy of Family Physicians established the OAFP Foundation in 1987 to meet its members’ philanthropic interests in ways that would directly impact health care delivery in Ohio. The Foundation is the only 501(c)(3) tax-exempt charitable organization in the state that exists to promote family medicine as a career choice to medical students – building a strong family medicine workforce for Ohio.

**MISSION:** TO CULTIVATE STUDENT CAREER CHOICE IN THE SPECIALTY OF FAMILY MEDICINE.

Foundation programs have benefited thousands of Ohio medical students and residents through educational grants, preceptorship stipends, and scholarships. For a successful plan and growth moving forward, we need you. Provided on the next two pages are the Foundation’s 2019 successes to-date. Will you join in supporting this work? Make a tax-deductible donation any time of year through the online donation portal at https://www.ohioafp.org/donate-online-now.

2019 Family Physician Mentorship Award

Scott J. Anzalone, MD, FAAFP

“Students need to be under our wings and see first hand our work in the trenches. Teaching and mentoring in a continuity manner is the best way to accomplish this goal.”

“Even though I am in a small, rural community away from academia, I can make an impact and a difference. Being recognized at the state level is an honor and is affirming that the long hours are worth it. “
