

The Ohio Academy of Family Physicians established the OAFP Foundation in 1987 to meet its members' philanthropic interests in ways that would directly impact health care delivery in Ohio. The Foundation is the only 501(c)(3) tax-exempt charitable organization in the state that exists to promote family medicine as a career choice to medical students – building a strong family medicine workforce for Ohio.

2023 was a year of success and celebration. The OAFP celebrated 75 years of cutting-edge member education, strong advocacy, and devoted family medicine leadership, and the Foundation successfully offered career-defining programming to medical students and family medicine residents across Ohio. By participating in the Foundation's annual slate of programs, students and residents have opportunities to find their unique place within the specialty and are supported every step of the way.

To continue to build a strong family medicine pathway, your contribution is needed and will go directly to supporting programs to achieve the Foundation's mission. Make a tax-deductible donation any time of year through the online donation portal at <https://www.ohioafp.org/donate-online-now>.

Total medical students and family medicine residents impacted through Foundation programs in 2023!

AWARDS. LEADERSHIP. PARTNERS.

2023 Family Physician Mentorship Award

Anna McMaster, MD

The Foundation annually presents the Family Physician Mentorship Award to recognize a community-based Ohio family physician who, as a preceptor, has exhibited exemplary qualities and characteristics of mentorship excellence.

Dr. McMaster shared the following about her role as a mentor:

"I have been blessed to have so many wonderful mentors throughout my life and in my medical career, and mentoring others has become my way of paying this forward," said Dr. McMaster. "In my experience working with student, residents, and new physicians, I have been continuously in awe of these intelligent individuals as they develop their knowledge and skills, and continue to grow."

To read more about this year's award winner, visit the Foundation's website at <https://www.ohioafp.org/foundation>.
