2018 Events and Camp Programs for youth and teens with diabetes

Registration is open for each camp, online at www.diabetesohio.org

2018 CAMPS FOR CHILDREN WITH DIABETES
These camps are designed to offer not only a great summer camp experience but also lifestyle management education to help kids with diabetes learn to live well with the challenge of diabetes.

**Kids Camp** - June 25 - 27 (ages 3-7)
Kids Camp encourages campers to explore their potential, try different activities, build friendships and learn about diabetes. Parents and siblings are encouraged to be involved in the day camp experience.

**Stepping Stones** - June 28 - 30 (ages 8-12)
Stepping Stones is an introductory camping program for youth with diabetes who want to explore what camping is all about before committing to one week at residential camp. Stepping Stones includes an overnight camp out on Friday.

**Camp Hamwi** - July 22 - 28 (ages 13-17)  
July 29 - August 4 (ages 7-12)
Camp Hamwi, a residential camp that started 50 years ago and provides invaluable opportunities for self-discovery and creativity. Through a group living environment in a beautiful rustic setting, campers discover an appreciation for individual differences and the positive feeling of group accomplishments.

- The Central Ohio Diabetes Association’s camp programs are medically supervised and provide daily diabetes education.
- Camper scholarships are available for any child unable to pay. No one is turned away for financial reasons.
- Transportation to Camp Hamwi is available from the Central Ohio Diabetes Association office.
