## Health Equity and Social Justice Discussion Club

**Health Equity for Marginalized Populations Struggling with Homelessness, Mental Health, and Substance Use Disorder (SUD)  
Tuesday, November 29, @ 7:30 p.m. | Moderator: Dana Vallangeon, MD**

### Discussion Questions

---

1. Quick intro – Please provide your name, location, the number of years in practice, and word that best describes how you came to the meeting feeling today.
2. What level of interaction do you have with patients experiencing homelessness, SUD and/or MH disorders?
3. Why do you think these three conditions are so interrelated?
4. What have you found most rewarding and/or challenging working with this patient population?
5. From your lens, what services or systems changes would help break down the barriers facing this patient population?
6. Are there best practices you have found helpful for this patient population?
7. Did you find any of the resources provided by the OAFP particularly helpful? Do you have the tools to assist someone struggling homelessness, SUD and/or MH disorders?
