

GREAT LOCATION ON A GREAT LAKE

Our residency program is located in Perrysburg, Ohio – a hub of academic, recreational, and career opportunities conveniently located within driving distance of Cleveland, Columbus, Ann Arbor, and Chicago. The many entertainment, recreational, and educational opportunities include:

- Imagination Station – a hands-on science museum
- Toledo Zoo and Aquarium
- Toledo Museum of Art
- Toledo Area Metroparks
- Maumee Bay State Park along the Lake Erie shore
- The University of Toledo (including UToledo School of Law and UToledo Medical Center), Bowling Green State University, and University of Michigan
- Toledo Mud Hens minor league baseball team and Toledo Walleye ECHL hockey team
- Hollywood Casino
- Professional sporting events in Detroit and Cleveland
- Close proximity to Cedar Point amusement park (“The Roller Coaster Capital of the World”)

A tradition of teaching.

A COMMITMENT TO YOU

 **McLaren**

ST. LUKE'S

Family Medicine Residency

McLaren St. Luke's Family Medicine Residency exists to support and nurture you while challenging you to learn and grow. Our accredited family medicine program with osteopathic recognition, includes several options for outstanding elective clerkships, which are tailored to your individual goals and objectives. Our accomplished residency faculty is made up of experienced full-time directors, along with private family physician preceptors, a behavioral scientist, clinical pharmacist, business manager, social worker/geriatric education coordinator, and a health education coordinator.

CLERKSHIPS

Our comprehensive program offers clerkships for third and fourth-year medical students.

Third and fourth-year clerkships offer a wide array of clinical opportunities, hands-on experience, and flexibility in your learning experience. You will have the opportunity to enhance your ambulatory, clinical, and procedural skills in an educationally focused outpatient and inpatient setting. Evaluation and assistance in the overall management of patient care will be stressed under the direct supervision of a family medicine preceptor.

HANDS-ON EXPERIENCE

At McLaren St. Luke's Family Medicine Residency, our clerkships give you solid practical experiences that will carry you through your medical training. Our program exposes you to the skills necessary for you to become a well-rounded family physician, while allowing you the flexibility to investigate certain areas in which you are most interested. Some of the many hands-on learning opportunities include:

- Evaluation and treatment of common outpatient problems
- Preventive medicine
- Geriatrics
- Pediatrics
- Routine immunizations
- Throat cultures
- Tympanometry
- EKG testing and interpretation
- Pulmonary function
- Osteopathic manipulative therapy
- Casting/splinting
- Ultrasound guided injections

- Non-ultrasound guided injections
- Minor surgery
- Repairing lacerations
- Pap smears
- Colposcopy
- Endometrial biopsy
- Cryosurgery
- IUD Insertion
- Lifestyle medicine
- Sports Medicine
- Academic medicine
- POCUS

Many of your experiences will be based at McLaren St. Luke's.

McLaren St. Luke's, established in 1906, is a 300-bed facility serving northwest Ohio. McLaren St. Luke's joined the McLaren Health Care system, a 14-hospital health system headquartered in Grand Blanc, MI, in 2020.

As an independent hospital, McLaren St. Luke's provides a wide-range of critical care to patients, including cardiovascular, spine and neurological, robotic surgery, orthopedic and emergency, and offers a stroke center—all of it in an accessible and comfortable suburban setting. More information can be found at mclaren.org/stlukes.
