

Fairview Hospital

is pleased to sponsor the

31st Annual Family Medicine Symposium

Date: Wednesday, March 25, 2020 1:00-5:30 p.m.	Location: Rocky River Don Umerley Civic Center 21016 Hilliard Blvd Rocky River, OH 44116
---	---

Medical Genomics Knowledge Self-Assessment (KSA)

This year's symposium is a group KSA session. Group results for practicing physicians with an American Board of Family Medicine (ABFM) number will be submitted for ABFM Family Medicine Certification credit.

Registration required by Thursday, March 12.

To register, contact Rob Kelly at rokell@ccf.org with your ABFM number.

KSA Educational Objectives:

Demonstrate knowledge in:

1. Understanding genomic concepts and terminology
2. Interpretation of genomic testing and family history
3. Application of genomics to patient management
4. Public health and policy implications of genomics
5. Recognition and management of genetic disorders
6. Ethical, legal, and social implications of applied genomics

Content Consultants/Faculty:

- Adnan Alsadah, MD, clinical geneticist, Cleveland Clinic Genomic Medicine Institute
- Amy Shealy, MS, LGC, genetic counselor, Cleveland Clinic Genomic Medicine Institute
- David Eberlein, MD, Cleveland Clinic Family Medicine Residency

Session Coordinators:

- Robert Kelly, MD, faculty, Cleveland Clinic Family Medicine Residency

NEOAFP Annual Dinner Meeting
