

Opioid Addicted Patients: Dignity in Treatment

Wednesday, June 19

Opioid abuse is a serious national crisis that affects public health as well as social and economic welfare. Premier Health is offering three educational series providing a variety of topics on prevention, intervention and navigation of care through the sharing of best practices and expertise.

Target Audience

Physicians and advanced practice providers, and other healthcare personnel interested in gaining knowledge on the opioid crisis, are invited to attend.

Wednesday, June 19, 2019 (FREE CME EVENT)

6 to 8 p.m. (Dinner will be provided)

Miami Valley Hospital

30 East Apple Street, Dayton, OH
Magnolia Room (6th floor)

Speaker: Dr. John Sorboro, MD

Dr. John Sorboro will discuss withdrawal and tapering for the opioid addicted patient

Objectives for the session include:

- Review of recent changes in Ohio Opioid Prescribing Law.
- Review of best practices in patient monitoring when prescribing opioids for chronic pain- including reviewing newly created monitoring process chart.
- Review of best practices for safe opioid tapering for patients prescribed opioids for chronic pain- including review of newly created opioid decision tree document.
- Review of patient vignettes/examples for illustration.

This session will also include a small panel discussion with a question and answer session that will focus on reviewing physician practice implications of managing patients through withdrawal and tapering and discussion of legal/risk implications during management of a patient through withdrawing/tapering.
